

NEW YORK SPACES  
 MAI - JUIN 2014

MATERIALS

**TRANSLUCENT** Wall-mounted and edge-lit, the Chroma Renew fins incorporate RGB lighting technology. [3-form.com](http://3-form.com)

**SUSPENDED** Queen Titania consists of an aluminum shell made up of a sequence of ribs with filters on each side that allow for changes in color. [luceplan.com](http://luceplan.com)

**IMPACTFUL** Inspired by pebbles in a riverbed, the outdoor Gregg lamps by Ludovica and Roberto Palomba are available in three sizes. [foscarni.com](http://foscarni.com)

LIGHT AS ILLUMINATION AND AS AN  
 INSPIRATIONAL DESIGN DEVICE
